

## Why we advertise Lenox Soap.

We hope, by advertising, to induce thousands of women, who have never used Lenox Soap, to give it a trial.

If we can do that, the advertising will pay; for a woman who buys one cake of Lenox Soap and gives it a fair trial, is almost certain to keep on buying it.

### NATURES WARNING

Barre People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously. But nature always warns you through the urine.

Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment.

Pills. To ward off Bright's disease or diabetes.

Doan's have done great work in Barre. Norman York, 29 Branch street, Barre, Vt., says: "I was subject for six years to attacks of kidney trouble, and I believe the complaint was brought on by a strain. I had pains in my back and was led to believe that my kidneys were out of order by too frequent passages of the kidney secretions. If I stooped to lift anything, it was only with the greatest difficulty that I could regain an erect position. I finally used Doan's Kidney Pills, procured at E. A. Brown's drug store, and their effect was wonderful. The pain in my back soon ceased and the kidney secretions no longer bothered me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

One of the departments of the farming business of the state hospital for the insane but little appreciated is the piggery, located on the farm belonging to state in Duxbury. At present there are 97 pigs from 4 days to 4 weeks old, with the other pigs making a total of 190. The Berkshire and Poland Chinas are crossed and this breed has been chosen because of the ease and cheapness with which they can be raised. There are 15 brood sows weighing from 300 to 400 lbs each, in nearly perfect condition. These were practically matured on potato parings and clover hay and coven. Through a process of elimination these sows have been selected for their good qualities, until the institution is now producing all its pork. The pigs are raised and fattened wholly on the refuse from the institution, with the addition at times of some ensilage. The sows while suckling the pigs, are fed a small amount of grain, aside from this. The immense amount of pork used at the hospital is produced with very little expense to the state.

On Sunday at the Methodist church, Rev. Elmer F. Newell preached his first sermon to his congregation here, his subject being, "A Few Lessons Drawn from the Miracle Wrought by Christ in the Feeding of the Multitude." Rev. E. F. Newell was the earnest choice of the Waterbury Methodists and, since Rev. W. C. Johnson must leave, all rejoiced that Bishop Neely so kindly listened to their wishes regarding Mr. Johnson's successor. Mr. Newell was born at East Windsor, Conn. and was graduated with special honors from Wesleyan university in 1887. In 1890 he received the degree of M. A. from that institution and after a special course in history, literature and philosophy, received the degree of Ph. D. from Kansas university in 1905. He entered the ministry of the New England Southern conference in 1888. After three appointments, because of ill health, he took superannuated relations and after a rest he took up educational work. In October, 1907, he took charge of the Hardwick church of the Vermont conference and left there at his own request. Rev. and Mrs. Newell are guests of Mr. and Mrs. H. C. Whitehill until the parsonage is ready.

WASHINGTON.

W. C. Yeartaw is soon to move to his farm in the southeast part of the town.

Mr. and Mrs. I. L. Slocum are away on account of the death of the latter's father, Mr. Robinson of Waterbury.

The school house hall, which has been repaired in the way of a new floor and new steel ceiling, is nearly completed. A dance was held on the new floor Saturday evening, under the auspices of the ball team.

Irving Slocum, the owner of the Washington hotel, is overhauling the same and is fitting it for a tenement. We are very sorry of Mr. Slocum's decision to close the hotel to the public, for we are very certain that our town needs a hotel for the accommodation of the public.

## Shoes for Spring

You are not well-dressed unless your feet are. In a careful costume the shoes are as important as the hat. If you make Regal Shoes, the foundation of your Spring costume you have begun right.

Why Regal Styles are Authentic and Fresh

The Regal straight-line selling system, direct from factory to wearer, is not alone economical—it is quick. It takes other shoe makers, selling through the usual way, from four to six months to get a new style to the public.

Regal does this in from three to six WEEKS!

The newest Regal styles now on sale left the Regal factories within the past three weeks. They are not guesses or "trial styles," as shoes that were made four months ago must be. They are reproductions of actual, custom-made styles originated and approved for this Spring's wear by the acknowledged authorities of footwear fashion in New York and London.

## REGAL SHOES

FOR MEN

Regal style-watchers are on duty constantly in the centers of fashion. No milliner or dressmaker keeps in closer touch with new styles, or follows them more promptly.

And Regal Shoes are sold to you at cost, plus only 5 per cent. commission and the cost of selling and delivery.

This stamp will be found on the soles of all Regal Shoes.

The price of the pair appears in the center. The price is verified by chartered public accountants and certified by them as being cost plus five per cent., plus cost of selling. It does not always figure out in "even half-dollar" prices that you have always had to pay for good shoes. It is frequently some "odd" price, like \$3.35 or \$4.65 or \$5.85. Whatever it is, it is the lowest price for which a shoe of that quality can be sold. You save all the odd change that you formerly gave up to maintain the traditional prices.

Regal Prices are now

**\$3.35 to \$5.85**

## The Sirolin Sentinel

"Fighting The Great White Plague"

Barre, Tuesday, April 25, 1911.

### AMERICA'S LATEST VISITOR

A Remedy from Switzerland to Aid in the War on Consumption.

If you are one of the nine out of ten men, women and children in the United States who are subject to sudden colds, with the attendant ills of a troublesome cough, bronchitis or other forms of throat and lung affections, which, when neglected, lead on to the twin scourges of American life,—pneumonia and consumption—the coming of "Sirolin" to this country is of vital importance to you and to your family.

At your nearest drug store you can avail yourself of the professional judgment of such eminent foreign specialists as Drs. Mendelssohn, Stekel, Hugo Tausig, Goldmann, Winteritz, Marcus, Redtenbacher, Kaplansky, and others, who have tested, adopted and recommended throughout Europe the famous Swiss prescription Sirolin—the latest triumph of medical research, for the treatment in all stages of all throat and lung troubles.

With Sirolin at hand these common and dangerous attacks can be promptly controlled and the system fortified against recurrence without risking the use of harmful drugs—or impairing the digestive functions. As a preventive and safeguard Sirolin is worth its weight in gold in the family, for children and adults—and is absolutely without trace of narcotic drugs.

For sale by leading druggists.

If not readily procurable write to the Sole Agents for the United States.
